

I am upset to hear that my K-Love station might be replaced with LPFM. Since finding this Christian station, I listen to it almost exclusively. I enjoy hearing good, positive music that is safe for my children to listen to. I believe it is in the best interest for this community for this station to remain on the air. This station has become a daily part of my life and for many of my friends. I urge you to consider the impact you would have on my life and my children's lives. It is wonderfully encouraging that friends across the country and even online can hear the same songs at the same time!! Thank you for listening!
